

## 25,000 PEOPLE RACE FOR KICKAPOO LAND

### COUNTRY THROWN OPEN TO SETTLERS YESTERDAY.

**Hundreds Upon Hundred of Boomers Made a Wild Scramble To Take Up the 437 Claims And Towns Spring Up Like Magic—An Exciting Time On the Border.**

Oklahoma City, O. T., May 24.—At noon yesterday at least 25,000 people rushed into the Kickapoo country, in a mad endeavor to take up 437 claims. It was the most exciting run that has occurred in the history of public openings, by reason of the great crowd, the small amount of land, and the difficulty in making the start. The greatest crowds were at Sweeney's Bridge, and two or three fords down the river, the only places wagons could cross. Horsemen, who were not afraid to risk the jump down the bank, rushed across the river and up the opposite bank, and through the timber.

A few miles below Sweeney's Bridge a jam occurred and two horses were killed. They were hauled to one side and the rush went on. The crowd in the road got jammed several times and innumerable fights occurred. Guns were drawn, but matters were patched up, and as soon as the blockade was raised, the rush was on again.

Two miles over the line is an eighty-acre bottom claim that was not allotted to the Indians. All the people started well together and a prettier race was never run. Many of them reached the coveted eighty acres at the same time, and put in their stakes simultaneously, not more than three minutes after the signal to go had been given, but ahead of the swiftest of them was the ever present "sooner," and half a hundred claimants camped on the claim.

A town-site boom was started on the southern border and it spread through the camps with lightning-like rapidity. The result is the city of McLoud, located on 320 acres of land on the Oklahoma, Great Gulf railroad, six miles north of Dale. It has a population of 5,000 souls and mayor and a full complement of officers and all the attributes of a typical frontier city.

### ALL BELIEVE IN GOLD.

Secretary Carlisle Addresses the Convention of Southern Opponents of Silver.

Memphis, Tenn., May 24.—An audience of 3,000 persons was in attendance at the Auditorium yesterday afternoon at 2 o'clock when W. J. Crawford, chairman of the committee of arrangements, called the "sound money and better banking facilities" convention to order. Delegates from all the southern states were present to the number of about 600 and represented all ranks, from the politician to the farmer.

Secretary Carlisle was the principal speaker and defended the administration's financial policy.

### Big Boom in Freight Car Building.

New York, May 24.—The Railroad Gazette publishes a tabulation of orders for freight cars, placed by railroad companies this year, which places the number at 22,000. Besides cars ordered bids are out now for an additional 3,000 cars approximately. The passenger cars ordered amount to 72, with contracts for 13 more to be given out shortly. This represents an investment of over \$10,000,000. The total output of the contracting car shops for five months this year exceeds that of the entire year of 1894 by over 5,000 cars.

### Weds a Half-Caste.

San Francisco, Cal., May 24.—Advice from Tahiti bring the intelligence of the marriage there of United States Consul Jacob Lamb Doty, of New York, to a half-caste native girl named Maevyn Tumeo Rauri, aged 16. What makes this marriage peculiar is that young Doty didn't call in a missionary to tie the knot, but he was wedded after the native fashion, which doesn't call for a license or a preacher.

### Drinks 1,200 Barrels of Beer.

Belleville, Ill., May 24.—The main building of the Star brewery, just north of this city, with contents of 5,000 bushels of malt and hops and over 1,200 barrels of beer, was burned yesterday. The loss is estimated at \$75,000, partly covered by insurance.

### NEW YORK WARNED.

Must Receive No Students from Disapproved Seminaries.

Pittsburg, May 24.—The devotional services of the Presbyterian general assembly at the opening of the seventh day of its session was conducted by Rev. Irwin M. Muldrow, a colored minister from Cheraw, S. C. On motion of the stated clerk, 3 o'clock on Friday was appointed as the time for hearing delegates from other ecclesiastical bodies, such as the Pan-Presbyterian Alliance and United Presbyterian Assembly. A telegram of greeting was read from the Presbyterian Alliance. Overtures were presented with regard to the young people's societies in the separate churches, and the whole matter of their government was referred to a committee of nine, which was instructed to report to the next assembly. An attempt was made by seven presbyteries to reduce the salary of the stated clerk of the assembly, but it was voted down. Secretaries of the various boards of the churches were allowed to become ministers of churches.

The question of the relation of the students of Union seminary to the Presbytery of New York came up on an overture from that body. A long opinion was read, and it was recommended that the presbytery of New York be instructed and enjoined not to receive students who are pursuing, or who propose to pursue, their studies in seminaries not approved by the general assembly. This motion was carried by a large vote, and in announcing the result Moderator Booth said that the New York presbytery would note the instructions given by its superior authority and would obey its orders. The opposition to this action was decided, but insufficient to affect the vote of the assembly.

The day of prayer for colleges was fixed for the second Sunday in January. A movement to reduce the ratio of representation in the assembly failed to receive support.

The proposal of several presbyteries to secure a reduction in the expenses of the assembly and a change from annual to biennial sessions were made special orders for Friday morning.

### GOLD AND SILVER.

Product of American Mines During 1894 Had a Coinage of \$103,500,000.

Washington, May 24.—The director of the mint estimates the production of gold by the mines of the United States during the calendar year 1894 to have been 1,910,800 fine ounces, of the coinage value of \$39,500,000, an increase over 1893 of \$3,500,000, which is the largest amount produced in any year since 1878. The production of silver from the mines of the United States is estimated to have approximated in 1894 49,500,000 ounces, of the coinage value of \$64,000, showing a decrease as compared with 1893, of 10,500,000 ounces.

In the production of gold California leads, with an output of \$13,570; Colorado is second, with \$9,491,000; Montana, third, with \$3,651,000, and South Dakota, fourth, \$3,299,000.

Colorado heads the list in silver by an output of 23,281,400 fine ounces, of the coinage value of \$30,101,200; Montana, second, with a production of 12,820,000 fine ounces, followed by Utah with a production of 5,892,000 fine ounces, and Idaho, with 3,248,500.

At the average price of silver for the calendar year 1894 the commercial value of the silver product of the mines of the United States is \$31,432,500.

### OLD TICKET FOR 1896.

Harrison and Morton Being Again Mentioned as Candidates.

New York, May 24.—The Times says: "Harrison and Morton are to lead the republican hosts in 1896 if the plans of certain politicians do not miscarry. These politicians say they have secured the consent of Mr. Morton to take second place on the ticket and assert that Mr. Platt will give this combination his hearty support."

From the throngs of politicians that congregate in the lobby of the Fifth Avenue hotel it could almost be imagined that it is the eve of a big political convention. The magnet of attraction, however, is the man from Indiana. Many cards are sent up to the ex-president's room, and in almost all instances the men whose names are engraved thereon have interviews with Gen. Harrison.

### CHURCH UNION IS FAVORED.

United Presbyterians Receive the Overtures Warmly.

Pittsburg, Pa., May 24.—The general assembly of the United Presbyterian Church began its business session at 8 o'clock yesterday morning in the Sixth Church, East End. After devotional exercises Rev. D. J. B. McMichael, of Monmouth College, Ill., was elected moderator by acclamation. Rev. Dr. William J. Reid and Rev. Dr. A. C. Wallace were re-elected clerks. A committee was then appointed to extend congratulations to the Presbyterian General Assembly.

The report of the committee on federation of churches expressed the hope that favorable and final action would be taken on the question in hand before the close of the year.

### Germany Objects.

St. Petersburg, May 24.—It is learned that Germany has raised slight obstacles against the demand of Russia and France, that Japan shall furnish guarantees of the security of European commerce in Formosa and Pescadores. It is expected that these obstacles will be overcome and it is also expected that the negotiations looking to the evacuation of the Liao Tung peninsula by Japan will be settled within a fortnight.

### Tenth of the Yankton Land Taken.

Mitchell, S. D., May 24.—Those expecting a large emigration into the Yankton reservation are greatly disgusted. Filings are rapidly decreasing, only one-tenth of the land being taken. The remainder is choice and will be quietly taken within the next sixty days.

## MOTHER AND BABES DIE TIED TOGETHER

### BODIES OF MRS. NOTSON AND CHILDREN FOUND.

**Rope Was Wound About Them Several Times and The Little Ones Had Been Choked With Straps as Well as Blindfolded—Other Criminal Happenings.**

Omaha, Neb., May 24.—The bodies of Mrs. Ida Notson and her two 8-year-old children were found in the Missouri river three miles south of the city today.

The bodies were firmly tied together with a heavy rope. It wound around them several times. Evidently the miserable woman had taken her children in her arms, twisted the rope around them, and after firmly binding their three bodies together that they might not be separated in death, leaped into the river. Leather straps were drawn tightly around the throats of the children, as if they had been choked to death by their mother before she plunged into the stream. A towel was tightly drawn around the heads of the little ones, as if to prevent them from seeing what was going on.

A fisherman found the bodies in an eddy and dragged them ashore. Mrs. Notson for many years was a prominent Omaha school teacher. She disappeared suddenly with her two children in December last year, leaving letters in which she declared she was driven to suicide because of disappointments in a political way.

Chicago, May 24.—Mrs. Anna Annable, No. 6416 Ellis avenue, shot and killed her husband last night and then put a bullet into her own heart.

The tragedy was the result of jealousy on the part of Mrs. Annable because of the attention she thought was shown by her husband to a young woman of Davenport, Iowa, who had nursed him through an illness contracted while he was on a visit a short time ago to his parents, who live in the Iowa city.

### Killed for Demanding His Wages.

Pine Bluff, Ark., May 24.—Will Lane, a section hand on the Cotton Belt road and an ex-convict, shot and killed Samuel Woolfork at Wabbaseka, twelve miles north of here. Woolfork had worked for Lane while the latter went to Altheimer on a visit. On Lane's return Woolfork demanded his pay, when Lane shot him. Lane escaped and a posse is in pursuit.

### Killed His Son in Mistake.

Lebanon, Ind., May 24.—Thomas Irving, residing three miles west of here, on hearing footsteps in the adjacent room secured his revolver and without saying a word shot the supposed intruder, inflicting a fatal wound. Upon examination Irving found he had killed his eldest son. He attempted to kill himself, but will recover. Mr. Irving is a wealthy farmer.

### Minister Charged with Murder.

Eldora, Ia., May 24.—News has been received here from Oklahoma that Rev. William Brown Washburn, who for the past ten months was pastor of the First Universalist church here, shot and instantly killed a man at Guthrie, O. T., and that Washburn is now in jail charged with murder.

### Murderer Run Down and Shot.

St. Joseph, Mo., May 24.—James Owens, a murderer under sentence of death for shooting his father-in-law, Seneca Noblitt, and who escaped from jail with train robber Pat Crowe here New Year's night, was shot and killed by officers near Rockport while resisting arrest.

### Found Guilty of Manslaughter.

Alton, Ill., May 25.—The jury in the case of Paul Lange, charged with murdering Annie Gottruff, brought in a verdict of manslaughter, with a penalty of thirteen years in the penitentiary.

### Jail Fired by Lynch.

Vicksburg, Miss., May 24.—A private letter from Rodney, Miss., says that the town jail was fired by a band of lynchers and that a negro perished in the flames.

### WHY SHE QUIT.

China Issues an Imperial Peace Ratification of the War with Japan.

Tien Tsin, May 24.—An Imperial proclamation has been issued announcing the ratification of the treaty of peace between China and Japan. It is declared the government deeply pondered on the advice which has been offered to it to continue the war rather than surrender, but the crisis demanded a decision, as no victory has been obtained on sea or land, owing to the incompetence of the leaders, who had only been able to recruit the rabble. The enemy, the proclamation says, were menacing Peking. The country was now in a terrible condition. The proclamation continues:

"Could we permit alarms to disturb the dwelling of her sacred Majesty? Heaven had not withheld its augury. The sea overflowed the coast and the camps were submerged."

### HUGH McCULLOCH DEAD.

Was Secretary of the Treasury Under President Grant.

Washington, May 24.—Hugh McCulloch, formerly Secretary of the Treasury, died shortly before 3 o'clock yesterday morning. With him when the end came were his two sons, a married daughter, and a grandson. Death was calm and peaceful, the patient being for some time previous in a comatose condition. Mr. McCulloch was over 80 years of age.

### No Hope for Gail Hamilton.

Washington, May 24.—Secretary Gresham and Representative Hitt both are reported by their physicians to be doing nicely. The condition of Miss Mary A. Dodge (Gail Hamilton) is the same, though death is expected hourly.

## BIG ROW AT OSHKOSH OVER STREET CARS

### CONTINUAL FACTIONAL FIGHT AROUSES THE POPULACE.

**Mass Meeting Denounced the Council for Its Action and Appointed a Committee to Tell the Mayor That He Can Chop to the Line or Lay Down the Ax.**

Oshkosh, May 24.—[Special]—The residents of this city are aroused at the continued factional fight over the electric street car lines regarding the time of completion. A mass meeting was held last night to criticize the common council for its action. A committee was also appointed to wait on Mayor Kellogg and demand that he show less partiality, or resign.

### Drowned by Conspirators.

Ashland, Wis., May 24.—The body of a woman was taken out of the bay at Orienta and facts have become known that make it possible that her drowning was the result of a plot by three companions, two men and another woman. A rope was found wound around her body. The four left Orienta in a sail boat, which was capsized.

### ARMS FOR CUBAN REBELS.

Gen. Quesada, the Insurgent Leader Secures Large Supplies of Guns.

New York, May 24.—According to a local paper General Quesada, the Cuban rebel, will leave New York today, having during his stay here secured large supplies of guns and ammunition, which will be shipped to the insurgents. The general expects to arrive in Cuba within a short time and may take command of the rebel forces.

General Quesada does not speak English, but through his nephew, Manuel de Quesada, he declared that he has 4,000 rifles and a large quantity of ammunition which he will take with him to Cuba. He says that Cuba does not need men but arms, and that when the arms are furnished there will be plenty of men to fight. The general also says that soon after he reaches the island he will drive General Campos from it. His nephew and two other men will accompany him.

Henry Brooks, the Cuban patriot, was a passenger on the steamship La Gasconne. He says he has come here to ally himself with General Quesada. He came here from Cuba a few months ago, remaining in this city a few days and then going to Paris, where he says he traveled incognito. He expects to return to Cuba to assist the revolutionists. He refuses to divulge his plans other than to say Santiago, not Havana, is the objective point of the insurgents.

### ILLINOIS SOLONS.

Measure Approved by the House—Other Important Measures.

Springfield, Ill., May 23.—The house passed the revenue bill prepared by the revenue committee.

The bill provides among other things for the assessment of property at one-fourth of its fair cash value; requires property-owners to swear to a schedule, and empowers assessors to examine persons under oath as to the property of other persons.

Consideration of Mr. Miller's "gas frontage" bill was postponed until Tuesday, June 4. Mr. Lowenthal's bill to regulate the granting of rights and special privileges by cities was then passed—yeas, 89; nays, 31.

Mr. Wilson moved to suspend the rules to take up Curtis' School Text-book bill. Lost—yeas, 77; nays, 60.

In the senate Senator Mahoney called up the house bill providing for a state board of arbitration. Senator Berry moved to refer it to the appropriation committee. Senator Mahoney spoke strongly against this, claiming that the committee was hostile to the bill, and that the motion was made with the intent to kill the bill. By a vote of yeas 28, nays 2, the order of reference prevailed.

On Senator Morrison's motion consideration of his committee's report on stop-feeding by distilleries which was a special order was postponed until Wednesday.

Several bills were taken up on second reading and advanced, after which the house took a recess till 2:30 p. m.

### ARGENTINA GAINING GROUND.

Peaceful Negotiations With Brazil and Chile.

Washington, May 24.—Fears of trouble between Chile and the Argentine Republic over the boundary line appear to be overcome by the annual message of President Uribari of Argentina, which has just been received here. It was sent to the congress, which met May 2, and speaks of the satisfactory progress of negotiations with Chile.

The president also refers to the settlement of the trouble with Brazil over the missions territory through the arbitration of President Cleveland, and says that the arrangement promises to bring about a renewal of the strong alliance formerly existing with Brazil. President Uribari reports that in the midst of the world's depression Argentina's revenues largely increased last year. The total value of exports was \$102,000,000 or \$9,000,000 in excess of the imports, showing that the balance of trade remains on the side of Argentina.

### Strikers Return to Work.

Cleveland, O., May 24.—Nearly all of the 400 employees of the Upson Nut and Bolt works who went on strike for a 10 per cent increase of wages last week returned to work this morning. The men held a meeting and decided that while there was a revival in trade to some extent it was not sufficient to warrant the company in granting the advance demanded.

### ECUADOR REBELS GAINING.

Revolutionists Capture Machala—Province of Manabi Under Arms.

Panama, May 23.—The steamer Loa brought confirmation of advice that the town of Machala and arms and ammunition of the government have been captured by the revolutionists. The entire province of Manabi is reported to be in arms. Its capital, Porto Ivey, is in the power of the patriots of "La Honra Nacional." General Yezpe of the government forces, is a prisoner. Crowds of young men of Guayaquil are quitting the city to join the revolutionary armies. The government is said to be completely demoralized. Its official action is in discord with its friendly decree of general amnesty while calling an extra session of congress for a popular election. Secretary of State Sarasti is in discord with General Flores, commander of Guayaquil, who is likely to be deprived of his office.

Drs. Vela and Fernandez are at the head of the revolution. Ambato is marching on Quito with a force of 1,000 men. Esmeraldas was still in the hands of the government on May 17, but it was feared that the revolutionists intended to make an attack shortly to regain possession of the port.

### BIG MINE SUIT DECIDED.

Dennis Ryan of St. Paul Loses Title to the Bassick Property in Colorado.

Denver, Colo., May 24.—In the suit over the celebrated Bassick mine at Quirido, near Silver Cliff, in Custer county, in the United States court, Judge Riner found for the plaintiff, James Staples, and held that the defendant, Dennis Ryan of St. Paul, now in possession, was not entitled to hold the property. The mine formerly belonged to the Bassick Mining company. The last year it was in operation it produced over \$900,000. The stockholders got into a row and in 1887 the property was sold under executions. James Staples claimed the property under one judgment; Ryan under another. Judge Riner's decision places the title in Staples.

The mine is now under about twelve hundred feet of water, and it is estimated that it will cost to put the property in operation between \$100,000 and \$150,000.

The decision leaves the property still in the hands of Mr. Ryan, upon his filing a bond with the court, which will be done as soon as possible. The case will be appealed.

### TROUBLE IN THE RANKS.

Travelers' Protective Association Not Satisfied With the Management.

St. Louis, Mo., May 24.—The ranks of the Travelers' Protective association are being rapidly depopulated by the desertion of members who are dissatisfied with the management of the organization. Last night the St. Louis council of the United Commercial Travelers' Protective association was organized, with 146 members, all formerly members of the Travelers' Protective association. It was said that this is but the beginning of a secession that promises to assume large proportions. The seceders say their dissatisfaction is not so much with the Travelers' Protective association as with John A. Lee, national president, who, they allege, is running the association in his own interest and is making use of his position to further his alleged plans of political preferment rather than foster the interests of the members of the association.

### CROP DAMAGE.

Effect of the Recent Frosts Throughout the State of Michigan.

Detroit, Mich., May 24.—Reports agree that grapes have suffered most severely by damage from frosts and that this crop will not be more than 25 per cent of an average. Along the shores of the lake the damage has been very slight, while farther inland in the same counties the injury has been much greater. In many localities grapes and other small fruits are entirely destroyed. Peaches, apples, and pears have not been damaged to any very serious extent. Wheat is but little injured. Oats have not fared so well, but the damage is not great. Corn above ground was generally cut down, but not more than 60 per cent of the amount usually put in has yet been planted. In Allegan county alone 90 per cent of the crop above ground is dead.

### MORTON DOESN'T LIKE IT.

Objects to Having His Meat Inspection Methods Criticized.

Washington, May 24.—Secretary of Agriculture Morton and Dr. Salmon, chief of the bureau of animal industry, are very much exercised over the attack made upon the effectiveness of the meat inspection now carried on under the act of 1890. The inspection provided for under the act was to meet the demands of foreign governments to which American meat was exported, but the authority given the secretary was insufficient and Mr. Morton has tried in every way to induce congress to cure the defects. While the inspection separated the healthy from the diseased meat and prevented the export of the latter, the secretary was not clothed with the power to compel the destruction of condemned meat, and this could be sold in the domestic markets.

### Miners to Resume Work.

Pittsburg, Pa., May 24.—The miners' officials practically gave up the strike last night and advised the men to go to work for the 60-cent rate, if they could get it. The mines within a radius of ten miles of Carnegie will resume to-day at the 60-cent rate. About 8,000 men are employed in that district.

### Takes a Headache Cure and Dies.

Goshen, Ind., May 24.—Mrs. Lewis Freshour died here from the direct effects of a single dose of a patent headache remedy. She was not addicted to the use of opiates and taking the medicine immediately sank into unconsciousness. The case baffled the attendant physicians.

## MARQUIS PREDICTS WILDE'S ACQUITTAL

### IN AN INTERVIEW HE SAYS OSCAR WILL GO FREE.

**Latter Was on the Stand in His Own Behalf This Morning and Looked as if He Was Very Much Weakened But Held Up His End—Queen's Birthday Marked.**

London, May 24.—Oscar Wilde's trial today drew a big crowd. Wilde himself took the stand this morning, and testified in his own behalf. He looked as if he had been much weakened, but told his story without a break. The Marquis of Queensbury says in an interview that he expects that Wilde will be acquitted.

London, May 24.—The queen's birthday is being celebrated today in the usual manner.

### SUPREME COURT CASES.

Debs Suit Among the Important Questions Awaiting Decision.

Washington, May 24.—There are sixty-four cases on the supreme court docket which have been argued and have not been decided. It is expected that conclusions will be reached in a majority of these cases before the final adjournment on June 3. The most important are those concerning the validity of judgments against American citizens obtained in foreign courts—that of the Consolidated Electric Light company against the McKeesport Electric Light company, involving a contest between the Edison and the Sawyer-Mann patents—and the Debs habeas corpus case.

## MRS. ADAMS SPEAKS TO MILTON PEOPLE

ADDRESS DELIVERED AT THE  
KING'S DAUGHTERS BENEFIT.

Wife of the President of the Wisconsin University Pleased her Audience Very Much—Other College Town News—Suicide Started South Turtle People—County Happenings.

MILTON, May 24.—The third annual benefit of the King's Daughters on Tuesday evening at the Seventh Day Baptist church, was as well as the entertainments given by this organization, a pleasant and interesting event. The patronage accorded it was not as large as on former occasions, but was a flattering endorsement of the good work and deeds of the society nevertheless. The program was excellent, the chief feature being the address by Mrs. Charles Kendall Adams of Madison, to whom our citizens were privileged to listen for the first time. This gifted lady was introduced to her audience in a graceful manner by Pres. Whitford and her charming address met with hearty approval. The following was the program:

String Quartette—"Evening Song"—Schumann  
Misses Nell, Harriet, Alberta and Professor Charles Crandall.  
Prayer.....  
Piano Duet....."Grand Operatic Fantasia"  
Misses Imogene A. Dunn and Charlotte Maxson.  
"I Hear a Voice"  
Misses Charlotte Maxson and Bertha Fross.  
Paper.....Mrs. T. A. Saunders  
"Quando sc'indì il tuo labbro"  
Mrs. Annabel Kumein.  
Violin Solo....."Oberon," De Weber  
Miss Nelly Crandall.  
"Heaven Hath Shed a Tear"  
Miss Charlotte Maxson.  
Address.....  
Mrs. Charles Kendall Adams, Madison.  
No encores.

The net profits for the King's Daughters aggregated \$45.

Little Folks Entertainment.

The "little folks" may well feel proud of the entertainment they gave at the M. E. church Wednesday evening. Edna Davy, a "wee tot" of seven years, called off the program and presided over the audience in a way to capture all. The music recitations and dialogues showed careful training and we are sure those who had charge of this work were amply repaid in the real pleasures that came to both the children and audience. At the close of the program the children were treated to home made candy, while the rest were asked to invest their nickles, to help the children in furnishing the room. The receipts were about eight dollars. Mrs. Dr. Johnson of San Francisco, is the guest of her daughter, Mrs. Clem W. Crumb. Mrs. W. P. Clarke represented the W. R. C. at the Green Bay encampment. Mr. and Mrs. W. H. Ingham returned from their sad mission in New York state, this week.

Home Forum Organized.

Messrs. Calkins of Beloit, and Lamont of Clinton, have been in town this week in the interest of the "Home Forum." They hope to organize a branch here, and have already interested a number on the subject. A. M. VanHorn of Welton, Iowa, returned here Wednesday. Rev. C. E. Carpenter will preach a memorial sermon tomorrow evening at the M. E. church. The G. A. R. Post are invited guests. On Sunday evening a good song service, entitled "Rock of Ages," will be presented at the Congregational church. Mr. and Mrs. J. D. Holmes of Janesville, came here on their wheels Tuesday afternoon.

News From Fairfield.

Miss Elma Cutter returned from Chicago last Wednesday. Many of our farmers are having hay pressed and are hauling the same to Darien. Prof. Merica, of Appleton, Wis., will lecture in the church on Friday evening, May 31, and a concert will be given on June 18. Tickets for the two entertainments will be twenty-five cents. Further notice of concert later. The Sunday School has purchased a new singing book, "Songs of The Soul" being the selection. James Cutter spends most of the time in Clinton nowadays training his roadsters. Mrs. M. McLay and Miss Annie Wallis who have recently returned from California were guests at B. Mores this week. Mrs. James Cutter and daughter visited Milton friends last week. Mrs. Charles Dykeman received the sad message last Friday of the death of her mother, Mrs. Kniffin of Line Springs, Iowa. She resided in this vicinity for several years and will be kindly remembered by her many friends. Mr. and Mrs. Dykeman attended the funeral which took place at Oregon, Wis., on Saturday last. News has been received from New York of the death of Mrs.

SAD SUICIDE AT SOUTH TURTLE.

Death of Mr. Martin Started All The People—Other Notes.

SOUTH TURTLE, May 23.—The sad death of Mr. Martin who committed suicide at Beloit, by taking Paris green, was a terrible blow to the family and friends. Rev. Dexter preached in the Murray school house next Sabbath. Prayer meeting at John Crockett's last week Thursday evening. Orin Isham, in company with Clinton friends, went to Pecatonica Friday. Mr. and Mrs. John Crockett worshipped in Clinton Sunday The Misses Finster visited at Hattie Reimer's last week. Decoration day will soon be here. Parley Isham was out well Sunday. Frank Hammond's corn which was all up and looking nice before the frost is now no where to be seen. Overcoats and winter clothing are the rule now a days. Miss Lottie Murray is able to ride out.

South Clinton News.

SOUTH CLINTON, May 23.—Rev. Jensen addressed the young men's club at Clinton last Sunday afternoon. A circus at Beloit last Monday attracted quite a number of the sports from here. K. Thompson and W. O. Newhouse visited Janesville last Wednesday. H. O. Lanfoll has now moved to his home at Delavan lake. Bear this in mind and when you go to the lake give him a call. Miss Hannah Ellington, of Chicago, is at present stopping at Mrs. O. Anderson's. Mrs. T. T. Nelson has returned from the west and Miss Gerlie has resumed her studies at the Beloit high school.

South Clinton News.

SOUTH CLINTON, May 23.—Mrs. E. S. Westby returned to Janesville last week Tuesday. Miss Amelia Mardock is visiting at W. E. Dresser's. Some of our people took in the show at Beloit Monday. The hardest frost yet, Sunday night May 19. Potatoes and corn are frozen down, grapes are ruined and also small fruit. Mrs. H. Clark of Shopiere, visited in the neighborhood not long since.

A Twice Told Tale.

Is a miller's tale, the tale of the grist, as it were. Most people are satisfied with once telling; some millers tell twice and they are not satisfied.

Let us return to our "muttons" altho our tale is not the tail of a sheep.

We are making, these days, telling sales, how can we help it when we tell such prices.

We have today one nicely located six room house on large lot for \$950.

We have another still better located and in good repair, cistern, fine well and very large lot for \$1200.

We are about to complete an entirely new house very centrally located with cistern, well with force pump and is a complete home for \$1700.

We have almost three acres of land, right in the heart of fine improvements now going on, fair house, good barn, good well of water, cistern, fruit trees and shade, cheap at \$2,000, but we don't ask but \$1,500 and that is only \$100 more than we asked last week. New developments in the immediate vicinity would warrant us in asking \$250 more than last week's price.

Drive up to corner of Wheeler and Grove streets and notice our beautiful improvements there. It will remind you of the busiest day, three years ago in Riverview Park. We will build for you up there just such a house as you want and make easy terms.

East Riverview Park is coming to the front. Note the new house and barn corner of Cottage Place and Vista avenue, north. You can't find as good a one in this city for \$2,000. You can have this one for \$1,750. It is bargained for by a Chicago man but we can build him another.

Lots in East Riverview Park are "dog cheap" at \$500, but we only ask \$400 and give you free rides in our wagonette for a year besides. If you locate in East Riverview you will be right in the line of the best improvements in the city.

We have got a pair of lots centrally located for \$650 for the two. There are no others so central in Janesville for less than \$450 each.

In fact, we have gotten the earth, or a good portion of it, the best portion. Yours very truly,

Geo. L. & Sarah H. CABRINGTON.

## THE SOCIAL WHIRL IN THIS GOOD TOWN

THE EVENTS, PAST AND PRESENT AND FUTURE.

Miss Ludden Surprised—Fortnightly Club's Final Session This Evening—A History of Scottish Songs—Surprise for The Misses; Hanke—Party For Nathan Loeb.

Miss Alice Ludden, daughter of Mr. and Mrs. T. E. Ludden, 115 West Milwaukee street was most pleasantly surprised by a party of young friends yesterday afternoon at the home of her parents. Refreshments were served at 5 o'clock, and the hours sped quickly with social games, music and other amusements. The guests were:

Misses—  
Maud Conroy, Etta Giffin,  
Mable Kilmer, Maggie Dolan,  
Eva Welch, Sadie Joyce,  
Mary Bresnahan, Maggie Welch,  
May Conroy, Mamie George,

Johnnie Lynch, Floyd Kilmer,  
Johnnie Ryan.

Nathan Loeb Surprised.

Between forty and fifty young friends of Nathan Loeb assembled at the South Franklin street home of his parents, Mr. and Mrs. Joseph Loeb last evening, it being his sixth birthday. The event was celebrated in a royal manner and Master Nathan was the recipient of a number of beautiful presents, ranging from an orange up to a bicycle. Refreshments were served and the affair was successfully carried out by Roy Carlson George Airis and Clara Carlson.

Surprise For Miss Hanke.

A pleasant surprise party occurred last evening at the home of Mr. and Mrs. F. H. Hanke, 64 Palm street, it being in honor of Miss Bertha and Anna Hanke. Between eighteen and twenty guests enjoyed the affair, which was planned and successfully carried out by Miss Lizzie Yankee and Miss Mary Tobian. Refreshments were served, after which the evening was devoted to games and other social joys.

To Talk of Scotch Songs.

Professor John G. Dow, a graduate of Glasgow University, an excellent Scotch vocalist and elocutionist, will give a history of Scottish songs with illustrations, at the social to be given by the Rock County Caledonian society this evening.

The U. C. L. Party.

A very pleasant social was given by the members of the Union Catholic League last evening, at the club rooms, and dancing and card playing made the time for all to pass too quickly. The affair was for the members of the league and their families only.

Fortnightly Club's Final Session.

The final session of the Fortnightly club while held this evening at the home of Miss Phoebe Fish, 104 South Main street, and as officers will be elected a full attendance is requested. Mrs. J. B. Day will lead the literary program.

JUDGE F. M. SCANLAN'S NEW HOME

The Milwaukee Journal Tells of the Janesville Lawyer's Plans.

"Janesville loses one of her leading lawyers, F. M. Scanlan, who goes to Fennimore to look after the wants of his aged parents, who reside there," says the Milwaukee Journal. "John Scanlan and wife of Fennimore, raised up a large family, six sons and one daughter. The sons are all but one engaged in business in other places, and the daughter, who died a few months ago, had taken care of her parents. The latter are now about 85 years of age, and though they are still vigorous for their years their sons do not like to leave them alone to the care of strangers. Consequently a family council decided that the Janesville member should be assigned the duty of looking after them in their declining years, and he will establish a law office at Fennimore, and make that place his home as long as the parents live. The parents are quite well to do, though not so wealthy as one Janesville paper stated in saying that the son would go home to assume the management of their estate. C. M. Scanlon of Milwaukee, one of the sons, says his father is still able to manage his business affairs. Besides himself and the one who goes to live with the parents, there are two others of the family who are lawyers, one at Fennimore and the other at S. D. One is a physician of Lancaster, and another, the youngest, a contractor."

WOULD HAVE PAID \$40,000 TAX

The Income Assessments Would Have Reached That Sum.

Now that Janesville people in common with all other citizens of the United States have been freed from the payment of the income tax, Deputy Collector William Mahoney and Clerk Max Blumenfeld will soon be statesmen out of jobs again. Since the supreme court decision that the income tax law is void they have been informed that their lease of official life will expire May 25. They have a little work to do yet in winding up the labor they have begun. They also have several large bundles of instructions and blank returns which

are now waste paper will be disposed of at cut rates.

Had the law stood there would have been collected in the western Wisconsin district about \$40,000 in income tax, by about 2,000 people whose incomes exceed \$5,000 a year. There has already been paid in and placed on deposit between \$400 and \$500 income tax, which will have to be returned.

JANESVILLE WON G. A. R. HONORS.

Dr. Whiting Made Medical Director—W. D. Hoard Is Department Commander.

Janesville got her share of honors at the hands of the Wisconsin Grand Army of the Republic at the state encampment at Green Bay. Dr. J. B. Whiting was chosen as medical director; E. O. Kimberley was made a delegate to the national encampment and Mrs. M. B. Millmore was made a member of the executive committee of the Woman's Relief Corps.

Ex-Gov. W. D. Hoard was elected department commander on the first ballot. There were 330 votes cast of which Hoard received 190, D. Lloyd Jones 75, Richard Carter 44 and A. H. DeGroot 21. The election was made unanimous by a rising vote taken amid enthusiastic cheers.

P. J. Clawson of Monroe, in an eloquent three minute speech had nominated Comrad Hoard, the nomination receiving a storm of seconds from all over the house, those from Col. A. H. Hollister of Madison, H. R. Allen of Merrill, W. H. Rogers of Fort Atkinson, P. Mangan of Fond du Lac, and Dr. Whiting of Janesville, being the principal ones.

A protest from Veteran Post, No. 8, at the Milwaukee Soldiers' Home against the action of the Janesville encampment recommending that pensions to inmates of Soldiers' Homes be reduced, was presented by Major McConnell, it being claimed in the protest that the Janesville encampment had done these inmates an injustice as comrades, and asked that the action taken at Janesville be stricken from the minutes. The encampment declined to act, on the ground that it could not undo the work of a previous encampment.

The next annual encampment will be held in Racine in May, 1896, the exact day of which will be fixed by the Council of Administration. The contest was spirited between Sheboygan and Racine, and the latter place was chosen by a vote of 104 to 68.

A DAY'S NEWS IN THE TOWN.

The low prices we are giving on lodee fine shoes is a surprise to everybody and the question is invariably asked, how can you sell such nice shoes so cheap? Have you seen the bargains? Come in and you will say with the rest of the people that the A. Richardson Shoe Co., are giving more honest value for the money than any shoe house in the city.

50 CENTS on the dollar means that 50 cents will take the place of a dollar during our shoe sale. How can we do this? Our Fond du Lac stock stands us today less than 30 cents on the dollar. You can easily understand then how we can sell the world's best shoemaking at 50 cents on the dollar and yet make money. Becker & Woodruff.

Don't forget, the A. Richardson Shoe Co. are the only people in Janesville that have a first class stock of tan shoes in an endless variety of styles for ladies, gents, misses and children are making a large trade for us. Join the procession and be made happy.

The season is at hand when one wants to trade the heavy underwear for light. We are right on hand with just what is wanted for ladies, children and men. 5 cents to 50 cents as the case may be. See large advertisement. Bort, Bailey & Co.

The greatest sale of ladies' fine shoes. Your choice in the house, \$2. We put in all of F. M. Marzluff & Co's. new shoes, tans and all others just coming in now at same price. Shoes worth \$1, \$5 and \$6 all go now at \$2. Winslow & Lowell.

It's a bona fide sale of fine shoes. The finest there is at 50 cents on the dollar. Come in and examine or ask any of your neighbors. They'll tell you it's true. Can fit anybody, and can fit anybody's pocket book. Becker & Woodruff.

SOME more bargains at Bort, Bailey & Co's tomorrow. For instance, men's natural mixed undershirts, 50 cents; actually as good as a great many stores charge \$1 for.

STRAW hats any price you want to pay. Every article in our store is included in our sacrifice sale of \$25,000 worth of fine tailor made clothing. Frank Baack.

LADIES are coming and bringing their friends in to see our new styles in Prince Alberts. No wonder, they are the latest styles and beauties. Lloyd & Son.

We have the most elegant lot of dressed bullheads, whitefish and trout we ever saw. Telephone 179 or call at 123 West Milwaukee street. Dunn Bros.

SOME of the coal that is sold at the low price has been on the docks for the past ten years. When you want fresh coal look at ours. Janesville Coal Co.

We have three second hand buggies that must be disposed of at once. Look out for bargains. Come quick. Lowell Hardware Co.

GENTS tan shoes are selling fast, right style and price is what does it. We can show you some beauties. Lloyd & Son.

It is not the one sale we look at, but every sale brings new customers to us. Reliable goods does it. Lloyd & Son.

## JESSE D. ALLER DEAD AFTER A LONG LIFE

COUNTY PIONEER SUMMONED TO THE FINAL HOME.

He Was the Father of Peter Aller, Superintendent of the Poor Farm And Had Lived in Rock County Half a Century—Other Mortuary Mention.

Another of Rock County sturdy pioneers have been summoned to the final rest by the death angel in person of Jesse D. Aller, father of Superintendent Peter Aller of the county poor farm. Mr. Aller was born in Sussex County, N. J., on December 1, 1811 and was therefore 84 years of age. He came to Wisconsin in the spring of 1840 and has since made Badger State his home. During his earlier years Mr. Aller was a supporter of the whig party and in 1840 cast his first presidential ballot for General William Henry Harrison. His views being in accordance with the republican party, he affiliated with that party at the time of its organization and has since been a staunch supporter of that belief. Incidentally he has been a strong advocate of temperance, and for forty-four years he and his wife have been members of the Free-Will Baptist church, to which institution he lent his support liberally. In a business way he had been very successful, and his many manly traits of character made him a man universally respected. His death occurred at his home near Evansville, on Wednesday.

Mrs. Peter Lee.

As was briefly announced in The Gazette last night, Mrs. Peter Lee who was recently adjudged insane, died at the state hospital at Mendota yesterday morning, and the remains reached Janesville at 6:35 last evening, and were taken to the home of the deceased, 2 Chestnut street, and prepared for burial. For some time past, Mrs. Lee had been in poor health and eventually her mind became affected, making it necessary to care for her at Madison, and besides a husband she leaves six small children. The funeral will be held from St. Patrick's church, Saturday morning at 9 o'clock. The interment will be in Mount Olivet cemetery.

Mrs. Augusta H. M. Burow.

Mrs. Augusta H. M. Burow, wife of Henry Burow, died at 3 o'clock yesterday afternoon, at the home of her parents, Mr. and Mrs. John Siebel, of the town of Plymouth, aged twenty years. For many long and weary weeks Mrs. Burow had been a patient sufferer with consumption, but all her afflictions had been patiently borne. Besides a mourning husband she leaves a seventeen-months old babe. The funeral will be held at the home of Mrs. Burow's father, John Siebel, of the town of Plymouth, at 1 o'clock Sunday afternoon, and at the Plymouth church at 2 o'clock. The interment will be made at the Plymouth cemetery.

"MY FOOD DOES ME NO GOOD."

In any city there are many possible ways to travel from one point to another. But between the food on your table and its destination in the body there is only one road—directly through the stomach. There is no going around the stomach or forcing a passage through it. Here the food is detained a while for better or for worse. Here it must be digested—that is to say changed, liquefied and assimilated for assimilation; or, failing that, it must lie here and rot, generating poisonous principles which enter the blood and set up a diseased action throughout the system. This is indigestion or dyspepsia—the condition that exists when a person says, "My food does me no good."

Certainly not. How can it? The more he eats the more he suffers. The road is blocked. No use putting more grain in the hopper when the mill cannot grind. Here are some of Nature's protests: Loss of appetite; distress after eating; heartburn; palpitation; flashes of heat and cold; the rising of nauseous acids and gases into the throat; furred tongue; dull and aching head; pains in the chest and back; weariness, fatigue and worry; loss of sleep; cold hands and feet; yellowish eyes and skin; weakness and trembling; constipation; failure of nervous force and courage, etc., etc. Out of this seething blockade in the stomach may come a dozen local complaints—a common form of pseudo consumption among them. Yet you must eat or starve. Miserable dilemma. Drastic measures won't do. Take a very little nourishment at first and immediately after it a dose of the Shaker Digesting Cord, the only radially effective remedy for indigestion or dyspepsia—prepared by the Shaker Community of Allen, N. Y. It will relieve at once and cure quickly. Made from cultivated medicinal herbs and plants grown by the Shakers. Pleasant to the taste, painless and harmless. Trial bottles ten cents. For sale by nearly all druggists.

## ALL OVER THE GLOBE

Dr. Pierce's Pleasant Pellets are known. They are far more effective in arousing the liver to action than the old-fashioned cathartic pills, calomel or other preparations, and are purely vegetable and perfectly harmless in any condition of the system. No care is required while using them.

They cure biliousness, sick headache, constiveness, sour stomach, windy belchings, "heart-burn," pain and distress after eating, and kindred derangements of the liver, stomach and bowels.

Montgomery, Orange Co., N. Y.  
Dr. Pierce: Dear Sir—I suffered untold misery with bleeding piles. I could get no relief night or day, until I commenced using your "Pleasant Pellets," and now for two years or more, I have not been troubled with the piles; if my bowels get in a constipated condition, I take a dose of Dr. Pierce's Pleasant Pellets, and the trouble is all dispelled by next day.

## THE TOWN TALK OF A DAY.

It's not just what we sell today that we look after only. While we watch the day's sales closely we endeavor to sell goods so that we can stay in the town. and do business in the shoe line. Every time we sell a pair of shoes to that person it brings us a new customer, and that new customer brings us another customer and so on until our store is filled daily, with a throng of people ever eager to get the bargains in shoes which only can be had at our store at 50 cents on the dollar. Becker & Woodruff.

We have this week bought from Richardson, Norcross & Co., 1,000 pairs of ladies fine shoes and Oxfords that retail ordinarily for \$3.00, \$3.50, \$4.00 and \$4.50. We have bought these well known goods at very low prices and will close them out at \$2.00 and \$2.50. Don't miss the opportunity to buy new goods at figures away below prices quoted on old shop worn goods. A. Richardson Shoe Co.

Crowds increasing daily. This day has been one of our best. We put on sale a lot of men's and women's shoes that usually retail at \$3, \$4, and \$5 at \$1 to \$2.50 and it crowded our store. This sale will continue tomorrow and we tell you earnestly you'll never again have an opportunity to get shoes for any such money, or twice as much. We are selling at 50 cents on the dollar, that's why we do this. Becker & Woodruff.

NEVER have we had such a business as since we brought our Fond du Lac stock to Janesville. We meet the prices and sell better shoes than any one else can offer. Becker & Woodruff.

Yes, tomorrow and every day all summer long we will sell ladies' or gent's \$4, \$5 and \$6 shoes in our "the best" stock in Wisconsin for \$2, \$2.50 and \$3. Becker & Woodruff.

TOMORROW, we will endeavor to sell 40 pounds, best northern dairy butter at 16 cents a pound. This is two cents a pound less than others ask. Nolan Bros.

## A Hop, Skip and Jump.

An athletic caper of this sort would scarcely be considered indecorous in one, even of mature age and sedate habits, impelled thereto by excess of joy on recovering his digestion through the instrumentality of Hostetter's Stomach Bitters, foremost among remedies for dyspepsia, biliousness and constipation, a trio of evils usually found in conjunction with each other. As the stomach recovers its tone, and the gastric juices are secreted in healthful plenitude through the agency of this superb restorative, nerve tranquility, appetite and sleep return, the body gains in substance and the muscles in vigor. For the prevention and cure of malarious, rheumatic and kidney trouble the Bitters is a most direct and thoroughgoing medicinal agent. Its effects are speedily felt and comprehensive.

## Specifications For Repairing Milwaukee Street Bridge.

The Rockford Register-Gazette came out Wednesday night as a sixteen-page paper, it being a special edition in honor of the starting of their new perfecting press. The new machine has a capacity of 12,000 papers an hour, and does excellent work. The Register-Gazette's composition is all done on Mergenthaler's linotype machines, which, with its Associated Press dispatches and new press, gives it all the equipment of the great journals of the cities. The Register-Gazette is one of the best inland dailies, a fact that the Rockford people evidently appreciate to the substantial benefit of the publishers.

This makes the total amount of money to be hung up \$16,200 and insures the biggest meeting that Janesville ever saw. The entries for the purse races will close July 2 and time made on that day is no bar. The conditions are as follows:

Rules of the American Trotting Association to govern in all races except as especially noted to the contrary. Mile heats, three in five distance one hundred yards. Five to enter, three to start. Entrance ten per cent. of purse, but only five per cent. if declared out as early as 7:30 right preceding the race. Money divided fifty, twenty-five, fifteen and ten per cent to winners. Right reserved to declare races off on account of rainy weather or other unavoidable causes, and to change the order of programme. Horse distancing the field or any part thereof lost money only. Should any class fail to fill, nominator will be permitted to start in class next faster. Stalls free to entered horses, all others \$2.00 each.

**THE GYPSIES BEATEN IN A SWAP**

**Horse They Got In a Trade Broke Away and Cannot Be Found.**

Like unto the pitcher that goes often to the well, the man who gets the horse trading habit is liable to "go broke" sooner or later. There is a well founded belief that a gypsy never got the small end of a horseflesh transaction, but the exception that proves the rule occurred in Janesville yesterday. Before the band headed for Milwaukee yesterday one of the denizens of the wagon traded horses with a farmer whom they never saw before. The deal was made near the Corn Exchange, and it took about five minutes to change the harness from one horse to the other; but when the wanderers moved to Milton last night, the horse broke away during the night and roamed, they know not where. The surrounding country has been searched, but no horse has been found, and the gypsies were in the city today and informed the police; but the horse has probably gone to its former master. Who he is, where he lives, they do not know.

## THIS TOWN TO HAVE AN ART GALLERY

J. A. TICE'S FORMER PHOTOGRAPHIC ROOMS SECURED.

League Are Now Working With the Object of Making It a Permanent Institution and Plans Were Perfected at a Meeting Held This Afternoon—Other Town Tales.

PLANS that will give Janesville a permanent art gallery, were talked over at the meeting of the Janesville Art League, held this afternoon at the home of the president, Mrs. A. E. Tanberg, 206 South Main street. The league has grown, until now it has a membership of forty. Mrs. J. F. Pemberton, the vice president, was instructed to make a report at this meeting as to a suitable location for an art gallery; and after the matter had been fully discussed, they decided on the rooms formerly occupied by J. A. Tice's photograph gallery. The Art League expect to give an exhibition at their new rooms of all kind of work under that heading. A reception will also be given between the hours of three and five in the afternoon, and from eight to ten in the evening, for which four hundred invitations will be issued, and the affair will take place on June 5. The present object of the league is to establish a permanent art gallery in the city, and with that object in view, they are working hard. Lorado Taft, the well known Chicago sculptor has already promised the league one of his finest works of art as soon as they establish themselves in a permanent home.

## STRIKE IS STILL ON; NO CHANGE IN SIGHT

LITTLE WAS ACCOMPLISHED AT THE CONFERENCE.

Subject Was Discussed But No Conclusions of Any Nature Were Reached, As Both Sides Hold To Their Original Claim—Another Strikers' Meeting Saturday Night.

The cotton factory strike has not been declared off, and the indications are that it will not be for some time, unless one or the other of the parties make concessions that will be satisfactory to all. A conference was held last evening in the office of the company on North Franklin street, between the manager, Mr. Heller, a number of the directors, and a committee appointed by the employees, consisting of Thomas Cherry, John Wilkinson, Daniel Courtney, Misses Julia Cooley, Celia Murphy and Maggie Holleran. The conference convened a few minutes after 5 o'clock, and did not conclude until 7 o'clock. The whole ground involved in the strike was discussed, but, strange to note, when the conference broke up, the parties were as far apart as at the beginning. The committee was cordially received by the manager and the directors, who at once commenced to explain to the committee the reason why the company could not accede to the demands for a ten per cent advance in wages.

No Change in Hours.

The committee then asked for a reduction of working hours, making it ten hours instead of eleven. This proposition was entertained by the company, provided the employees, not on piece work would only receive pay for ten hours, instead of eleven. This proviso knocked the proposition entirely out and it was considered no further. The committee was informed that all employees now out on a strike were at liberty to resume work under the old schedule, but no advance in wages could be entertained at this time. However, they were assured that just as soon as the market would warrant an advance, the company would accede.

The committee had no power delegated to it to make any agreement except the one based on the demand for a 10 per cent advance, therefore, the only thing left for the committee was to withdraw and report to their meeting, which is to be held in Central Labor hall Saturday evening.

Will Not Return To Work.

A reporter of the Gazette found several members of this committee, from whom it was learned that there was very little probability that the hands would return to work under the old schedule of wages. None of the committee appeared inclined to talk much about the matter, saying that they were under obligation to report at the meeting to be held Saturday evening, when the employees of the factories might take such action as they thought best.

"It may be decided to return to work under the old schedule," said one of the committee, "but I hardly think they will. Many of the operatives have found work in the tobacco warehouses, which will give them employment for some weeks at much better wages than they can get in the factory. Yes, we have formed a union, and have got three hundred signatures to the paper. Only a few of the old employees are omitted, and I believe all, with the possible exception of four or five, will join."

All Are Good Natured.

The strikers are all in the best of humor, and there is no sign of any demonstration except that they propose standing together until their demands are acceded to. Those who have secured places in the sorting rooms of the tobacco warehouses talk and laugh over the matter with little concern, appearing to be perfectly content with their present jobs. The lower factory continues in operation, but only with a light force and only half its capacity.

The action of the meeting Saturday evening will be watched with much interest, for the reason that everything relating to the opening of the upper factory will depend on the result of this action. If the hands vote to return, the factory bell will again ring, but in case they vote not to return, its sound may not be heard again for many days.

BELOIT PRIEST ROBBED OF \$500

Silverware of that Value Is Stolen From Father Ward's House.

A sneak thief entered the residence of Father Ward, near the Catholic church at Beloit yesterday morning about 11 o'clock and stole over \$500 worth of silverware from the sideboard. Father Ward was in an adjoining room and the housekeeper had just stepped out and was not gone five minutes, and on her return she missed the silver, as she had just finished cleaning it. The thief left no clew.

## ALL GO TO TONIGHT'S MEETING

The City of Janesville Ought to Have a Business Men's Association.

Tonight they will decide whether or not Janesville is to have a business men's organization and it is hoped that the meeting will be largely attended. There can be no question but that a city like Janesville ought to maintain some organization of this character. Like everything else, the association in this city has felt the effect of the hard times, and is not now in a flourishing condition. It has nevertheless a splendid membership, though now somewhat limited in number; and with a little effort on the part of the citizens, could be put upon its feet again, and its influence and membership enlarged and extended. It is therefore hoped that there will be a liberal turnout this evening on the part of all present and former members, as well as of all citizens who would favor the maintenance of some such association for the advancement of the city.

TALK OF THE UNIVERSITY FEES.

Question Referred To a Committee By the Board of Regents.

The agitation of the question of University fees, and Janesville students have been taking a hand in it, is evidently bearing fruit, for after spending fully three hours in a rather heated discussion of the question of reducing fees charged students, the board of regents finally referred the whole matter to a committee with instructions to report on the same at the June meeting of the board. The early part of the evening was spent in an animated discussion of the matter by the members of the board, and finally the student committee that has taken the lead in the opposition to the increase of the fees, was called in to present its case to the board.

SAV THEY CATCH FISH IN A TRAP.

Game Warden Horn Is After the Alleged Monterey Law Breakers.

Deputy Game Warden Charles Horn, is now on the lookout for a number of parties who are charged with violating the fish law. It is claimed that some people have cunningly constructed a canal near the bottom of the fishway, the canal having aprons constructed under water, and that by other devices the channel has been so obstructed that fish, including pike and bass, easily find their way into the clever trap, where they are captured in the night time without the aid of bait or hook. Parties have been seen thus unlawfully taking fish, and have been reported, and the warden says he proposes to stop it and if possible capture and punish the guilty parties.

CHARGE 5 CENTS FOR BREAD AGAIN

Bakers Say the Old Price Will Be in Force Next Week.

For some time past local bakers have been considering the raising of the price of bread to the old standard price of five cents a loaf, claiming that they have made and sold bread at a loss for the past ten days. A number of the bakers talked the thing over yesterday and it is said that the price which has been three and one-half cents a loaf will surely be changed to five cents, to take place next week. The sudden advance in the price of wheat and flour and the consequent loss is responsible.

NO PROFIT IN RENTING BICYCLES

There Is Very Little Profit in Lending Them to Beginners.

A local bicycle man said yesterday that there was no money in renting machines to beginners. A west side dealer in wheels rented a machine to a boy who never rode a wheel before, for twenty-five cents an hour. It only took the young man one hour to travel from the Myers House corner to the end of Main street, and in the meantime he ran into a fence. The wheel was damaged \$4 worth for which the dealer received a quarter.

THE WORK OF CUPID.

Viney-Briggs.

A quiet wedding took place this morning at 7:30 at St. Patrick's church, the contracting parties being Miss Ida Briggs and George Viney, both of this city. The Rev. Father Collins performed the ceremony, and the newly wedded couple were at once driven to the home of the groom's parents on Eastern avenue, where a wedding breakfast was served. The bride is the daughter of Mr. and Mrs. W. M. Briggs, while the groom is employed in the Hall Furniture factory. Thomas Kelly acted as best man, while Miss Maggie Viney, a sister of the groom, acted as bridesmaid.

## BIG STORE PLANNED BY LOCAL HUSTLERS

THEY WILL SELL EVERYTHING UNDER THE SUN.

Departments For Groceries, Dry Goods, Clothing, Boots and Shoes, Farming Implements and Machinery And In Fact All the Commodities Known To Trade.

Janesville is to have a "department store," in which a lady can purchase a silk dress or a knitting needle; where a hungry customer can procure a square meal or a sandwich; where you can purchase a package of peanuts, a bag of Turkish candy, a shave or a hair cut, a suit of clothes—"hand-me-downs" or tailor made; where you can buy groceries, dry goods, hardware, tinware, watches, clocks, jewelry—even unto diamonds, cut or uncut; where a farmer can purchase anything in the line of agricultural implements, from a two-time pitchfork to a modern threshing machine; where in fact anybody can buy everything known to the trade.

Sounds metropolitan, doesn't it? But that's what we are going to have!

And it isn't far away either.

"Where will this leviathan institution be located?" was asked of one of the prime movers in the enterprise. "Never mind that. Just say it will be located in Janesville, and that plenty of room is now in sight. We have had our eyes on a location for some time, and have got a good one. We may have to enlarge it somewhat, but room will not bother us," was the answer.

Capital Is Plenty.

The gentlemen then went on to say that over one hundred thousand dollars had already been offered the syndicate; that a number of business men had offered to throw up their present business or situations provided they could secure a department in this new establishment.

"Why," said he, "we can get fifty thousand dollars cash capital in half an hour, but we don't want it. The concern is a sure thing, and the only wonder is that it was not established here long before this."

"Will a store of this kind injure other trade?" asked the reporter.

"No, I think not. I see no reason why it would or should. A department store, such as is proposed, will simply be a large institution, where anything in the mercantile catalogue will be on sale. It will be a permanent store, one of the institutions of the city. We middle aged people all remember when even Janesville merchants kept "department stores"—of the old style.

"Now, while this department store of today is not a return to that old custom, it is the establishment of a store where anything merchantable can be found. We will buy at wholesale, in large quantities, and our dealings will be conducted the same as other business, straightforward and square."

The gentleman intimated that possibly a new building might be found necessary in the near future, but one already constructed he thought would accommodate for the present.

## PETTICOATS AND SKIRTS.

Alpaca in Every Color—Wide Weave Silk Fabrics.

Alpaca petticoats are one of the latest developments consequent in expansive dress skirts. Moreen is rather heavy for warm weather, but alpaca, while lighter in weight, yet has a certain stiffness and springiness that compel it to stand out instead of persistently clinging to the figure, as do muslin and silk. Alpaca skirting is to be found in all colors, the delicate tones, such as light blue, rose mauve and cream. It is said that these goods are washable. The ruffles, which form

EVENING GOWN.

a portion of the decoration of every petticoat, are usually more or less corded, and a garniture of lace and ribbons is employed, as for silk skirts.

Tailor made skirts show no essential change. They are made with fullness at the sides and back, but plain in front. The seams are strapped, often with satin. Satin and satin duchess are much worn. Silken fabrics are now brought out in immensely wide weaves, the cross way of which is ample for the length of the skirt. This simplifies cutting very much and saves seams, which are always unpleasant. It is to be hoped that wide silks have come to stay, as even when we do not want circular skirts and godets we like to have goods "cut to advantage," as dressmakers say, and 22 inch silks involve a great deal of waste.

It is said that summer gowns will be very simple, but that is doubtful, except as far as young girls are concerned, and they should be always simply dressed. It is time that skirts are usually plain, but they are so wide and so thoroughly lined that a woman could scarcely support the added weight of trimming.

The evening gown shown in the illustration is of rose satin duchess. The godet skirt has two quilles of rose ribbon fastened by choux. The full bodice is cut to fall off the shoulders, and bretelles of ribbon terminating in choux hold it in place. A bertha of guipure, in square tabs, surrounds the décolletage.

## BODICES AND HATS.

Silk Crepons With Oriental Designs—Poppies, Roses and Blue.

Bodices continue to be highly fantastic, in strong contrast with the severe simplicity of the overfull skirts, few of which have any trimming whatever. Many bodices are different both in color and material from the skirt and sleeves, silk or velvet being favorites for this purpose in the brightest colors.

A new material for theater jackets, tea gowns, blouses and bodices is a silk crepon printed with designs principally oriental. The effect is as of hand painting on crinkled gauze, and the hang of the fabric is quite perfect, soft, graceful and artistic. There is a great future for this new fabric, and we may expect to see much of it.

Blouses made of white chiffon over white silk are exceedingly pretty for evening

CAPOTE.

wear. Plain chiffon is preferable to the embroidered sort as being more delicate looking.

Poppies and roses are succeeding violets among fashionable millinery flowers, as the latter have been so universally worn that they have lost all individuality, not to say novelty. Large blueets are also among the newest blossoms produced by the artificial flower maker.

Large meshed veiling is now worn by the majority of women as being more becoming to the complexion than the fine nets formerly popular.

Some of the prettiest summer capes are those made of cloth having an all over pattern of cut embroidery. These are made exceedingly full and have a silk lining of a contrasting color, and sometimes a frill or fine plaiting of silk matching the cloth is added around the edge. A full ruche of ribbon covers the collar.

A great deal of ornamentation is employed for some of the bouffant summer sleeves, shirring, tucks and plaited frills giving an elaborate effect to the already large balloon.

The sketch shows a dress bonnet of coarse russet straw, with sprays of mauve dahlias, with their foliage, at the back and front. On the right side is placed an aigret of ivory lace, while on the left a dahlia is arranged to fall upon the hair.

In the Past

A good many jokes have been elaborated—at the expense of druggist—on account of his supposed large profits. The above little clipping from the great New York Herald may be taken as an indication that the press and the public are beginning to see the question in another light. We could write volumes on the subject, but perhaps you would not wade through them. This, however we will assert here:—The drug store is the proper place to get anything in the drug line, and we can prove that our prices are as low and our goods as good as anywhere else in town. And we do not try to prove this by advertising "draws" at cost and under, with some article from somebody else's line of business. Here are two of our own lines suitable for present moments.

## ALL FAMILIES WANT THE GAZETTE PRIZE

### BABY CONTEST IS GETTING VERY SPIRITED.

Five Hundred Dollars Worth of Building and Loan Association Stock is a Nice Nest Egg For a Three Year Old and the Vote Between Several Contestants is Very Close.

The time is not far distant now, when some Janesville baby will get The Gazette's \$500 prize. The ballot closes June 1, and then the prize will be awarded. Five hundred dollars is a nice sum for a baby to begin life with. Put it out at interest and when the babe becomes the man or woman, enough cash for a start in life is available.

Do not think that you can sit down and wait for that \$500 to come to your home. The ballots are piling up rapidly, for, naturally enough, \$500 is enough to encourage every father and mother in Janesville to strive for that prize for their "ownest own." Competition is getting strong as the time begins to narrow down and in this case the old adage, "everything comes to he who waits" is far from true. It should be "everything comes to he who hustles." The Gazette has been asked many times to publish the vote as it stands, but this would not be fair. It would tell Brown that Jones was leading him, and The Gazette wishes to treat all hands alike. However, the count is close between several contestants up to date, and, like everything else, the "early bird," etc., applies.

The Gazette's offer is this: The baby receiving the highest number of votes will be presented with \$500 worth of stock in the Rock County Building, Loan & Savings Association.

It will buy an education.  
It will buy a building lot.  
It will buy a piano and the lessons necessary to play upon it.

It is more than many people are able to save in a life time.  
Of course all the mothers and fathers want it for their babe. How to get it is told below:

The polls opened on May 1st and will remain open until June 1. The baby that receives the most ballots in that time will receive a certificate calling for these five shares of stock. There are no dues to be paid, no assessments to be met, no installments to provide for. The stock stands for \$500 in cash and on its maturity, which will be in nine and one-third years, the money will be ready. The prize is a handsome one—it is well worth winning and the conditions of the ballot are as follows:

From March 1 until June 1, a coupon will be printed in each issue of The Gazette.

Any one, anywhere in any state is entitled to vote as often as they buy a copy of The Janesville Gazette containing the above ballot.

Cut the ballot out (trimming on the dotted lines). Write in the name of your candidate and enclose same in an envelope addressed to to Ballot Editor, Gazette, Janesville, Wis.

Only one person can be voted for on one ballot.

The baby who receives the largest number of votes will receive five shares of stock in the Rock County Building & Savings Association, cash value, \$500 at maturity.

The contest will close June 1 at 9 p. m., and the stock will be delivered as soon as the count of votes is completed.

Any non-subscriber who will subscribe for The Gazette and pay in advance will be entitled to the following number of ballots:

New subscriber paid in advance one month, 100 votes.

New subscriber paid in advance two months, 250 votes.

New subscriber paid in advance six months, 900 votes.

New subscriber paid in advance one year, 2,000 votes.

Each new subscriber who pays in advance and casts the number of votes specified is also entitled, of course, to cut coupons from the paper from day to day and vote in the regular manner.

No person will be allowed extra votes for stopping his paper and having it sent to another name at the same address.

In every instance they must be bona fide new subscribers.

No person will be allowed to stop his paper on Monday and start it again Tuesday and claim the premium offered.

No votes can be transferred from one candidate to another after being registered in this office.

Candidates must not be more than three years of age March 1, 1895, and must live in Janesville.

## THE BALLOT.

The Publishers of "The Janesville Gazette" will give 5 Shares of stock in the Rock County Building, Loan & Savings Association to the Baby who receives the largest number of ballots.

## BETTER THAN A GOLD MINE.

Last month I cleared, after paying all expenses, \$235.38; the month before \$186.86 and have at the same time attended to my regular business. I believe anyone, anywhere, can do as well, as I have not a particularly good location and not much experience. When you have an article that every family wants, it is very easy selling it. It seems strange that a good, cheap dish washer was never before placed on the market. With the Perfection, which sells for \$5 you can wash and dry the dishes for a family in two minutes, without putting the hands in water. As soon as people see the washer work, they want one, and that is why so much money can be made so quickly. For full particulars address The Perfection Mfg. Co. Station O, Englewood, Ill. I feel convinced that any lady or gentleman, in any location can make \$5 to \$10 a day, as every family will very soon have a dish washer. Try it and publish your experience for the benefit of others. ALICE O.
